

Quote for the complete furnishing of the Oban mill - a mill similar to this one and the date is not far off from when Bunessan mill was expanded and refitted. So we can make a fair assumption that A.W. Smith & Co might have set up Bunessan mill too.

The Oban Meal Mill, Glenshellach

Furnishings for the Mill ,1849

A.W. Smith & Co
Paisley

We hereby make offer to furnish and fit up for you the following specified machinery for Oat Meal mill for the sum hereafter mentioned, viz:

A water wheel 14ft, in diameter by 4ft wide with long axle to reach to inside of Mill all made of cast and maleable iron except sale and baskets which will be of wood.

Pit wheel and pinion suitable for two pairs of stones.

Crown wheel (to be cogged with wooded coggs) and two pinions for do.

Upright shaft and pillow blocks for do.

Two millstone spindles with the stap plates, bushes, rhynds, tampering screws and all mounting connecting therewith.

Two millstones cases and hoppers for do.

Dust sieve and shelling fanners.

Sifting machines and small elevators for do.

Posts, briggs and stone planks for two pair millstones
